Dear School Board Members of the Combined Districts,

1960, the year of our graduation, will also mark the completion of the first year of the Sargent Central High School. We, the class of 1960, owe to the members of the boards of education a great debt, for these people have taken upon themselves a great responsibility--that of accepting the great challenge of carrying out a new idea. We sincerely hope that we have been worthy of the "great experiment" and that your continued foresight, trust, and hard work will eventually lead to even bigger and better things.

So, perhaps by dedicating this, our yearbook, to you, The School Board Members, we can repay you in some small way for the great service you have done us and the wonderful and unwavering support you have given to all school activities.
